The Search For R2-Davies

By James Doonan & Jerry Moriarty

The saga continues

In the beginning there was Par Trek: The Next Annihilation . . .

Now, as the appalling prospect of Raith Rovers in the Premier League looms ever closer, the gallant boys in black and white abominations, loosely known as the dreadful new strip, prepare to mount a last desperate challenge for the coveted First Division Championship runners-up place.

This is assuming, of course, that there is still a Premier League to be promoted to . . . but that shouldn't worry a Super League team like Dunfermline who have already assured promotion by buying it several months ago. Such is life in John Major's classless society where success is gained on merit alone . . .

Meanwhile, that long-awaited phenomenon; Par Trek II: The Search For R2-Davies, has been gradually taking shape and is now released to it's adoring army of fans, admirers, and people who actually bought Par Trek I.

Once again our brave heroes venture into the unknown, unaware of the disasters, pitfalls and humiliations which await them . . .

The producers would like to make it quite clear that any opinions expressed by characters appearing in Par Trek are not necessarily held by either the writer or the artist.

However, it should be pointed out that the English ARE bastards!

The characters and events portrayed in this comic are entirely fictitious and bare absolutely no resemblance to characters either living, or dead, or considering re-signing for Dunfermline Athletic. The story is dead original, and hasn't been stolen from anywhere else, so there. If anything does look vaguely familiar it's probably because other people have stolen the ideas from us!

All artwork is copyright and may not be reproduced in any shape or form without the express permission of the writers.

This issue of Par Trek is dedicated to George O'Boyle who was to have featured as a major star of this adventure until a preliminary sketch of him suffered a freak injury involving a pair of scissors and a Pritt Stick. Get well soon, Georgie!!!

AND FINALLY, A FEW WORDS FROM OUR SPONSORS...

Scott Leitch is crap.
