Manager George Farm says . . .

The Scottish Cup is back at East End Park. The trail blazing path to the final ended by the defeat of Hearts. Even our most severe critic will agree that the victory was well earned. If the closing stages and the after match scenes at Hampden were high with emotion and colour, the fantastic welcome which awaited the team on arrival back home was really something to remember.

I voice the opinion of all connected with the club when I say that we were overwhelmed. The never to be forgotten procession to the City Chambers was worthy of the occasion. I should also place on record our deep appreciation of those who turned out in the inclement weather to make the journey worthwhile. Let me also add the thanks of the club for the effort made by the Corporation of Dunfermline and civic chief, Provost John Crawford, for the warm and sincere welcome extended.

Where do we go from here? Firstly, there is to-night's match against Celtic. Seldom has an end of the season fixture provided such sustained interest. The fact that the League Championship has already gone to Celtic will add rather than detract from the spectacle of to-night's game. With the tension eased for both clubs the quality of play should be above average.

Then just ahead is the American tour. Plans are already in hand and we look forward to the prestige trip with the knowledge that we go as Scottish Cup holders and as No. 4 club on the League table.

Looking further ahead there is of course the European Cup Winners' tournament. This will be my first experience of directing the team in this competition but after completing my first season at East End Park I feel now that I know the ability and temperament of all players on the staff. Coupled with my own playing experience in European football, I feel confident that we can match the best in the Cup Winners' Cup.

This will be my final talk with you this season. It has been an arduous but rewarding season. None the less, I feel that the warmth of your welcome on Saturday reflected the satisfying outcome of our efforts. We must now look ahead. The future is buoyant. Let us together take advantage of what is offered.

Chairman's Message

A. WATSON.

I have completed yet another season as Chairman of the Club. What a season it has been! The Club is now on the threshold of a new and promising era. Ahead is the tour in America. Then, of course, there is the European Cup Winners' Cup. It was by way of this competition that we first made our way into European football. I need hardly recall the Cup matches against such clubs as Ujpesti Dozsa and the excitement over other cup games which gave an added impetus to the domestic competition. I do not, however, under-rate the local issue. We go on record as Scottish Cup holders for the second time in seven seasons. Our position on the League table is favourable. Couple that with an already made reputation in the European sphere and there is good reason to reach out for the new season.

In this final message of the season I must, on behalf of the Board of Directors, give thanks to the many supporters who turned out in the dismal weather of last Saturday to welcome the team back from Hampden.

Your support throughout the season has been gratifying to all connected with the Club. No effort will be spared to produce the goods in the new season. We hope we will see you in August to get your share of the spoils.

OUR VISITORS

To-night we welcome the new Scottish League Champions. Few teams in British football history has made a greater impact than Celtic. With a world known reputation Celts have been hailed as one of the outstanding clubs of the century. Next season, Celts will be carrying Scotland's banner in the European Cup tournament and we wish them all success. At all times the visit of Celtic to East End Park has been one of the outstanding events of the season. The setting is just right for to-night's game and we look forward to a hard tussle.

RONNIE SIMPSON—Without doubt one of Scotland's best goalkeepers. Came from Hibs to Parkhead in 1964 and is still in the top flight.

JIM CRAIG—Recruited locally from Glasgow University. One of the newer brigade and is now in his third season at Parkhead.

TOMMY GEMMELL—Well established in Scotland's International field. Has played a big part in Celtic's fight for the League Championship this season.

BOBBY MURDOCH—Now in his seventh season with Celtic and came to the Club from Cambuslang Rangers. Another in the international sphere.

BILLY McNEILL—Scotland's pivot who has been ten seasons at Parkhead. Came from Blantyre Vics. and is over the six-foot mark.

JIM BROGAN—From the local junior club St. Roch's. Has been with Celts since 1962. A mobile, attacking wing-half.

JIMMY JOHNSTONE—One of Britain's best wingers. Is well established in the top grade and has been unchallenged this season as a consistent and profitable player.

BOBBY LENNOX—From Ardeer Recreation and has been at Parkhead since 1961. On the small side for an inside-forward but in the international class.

WILLIE WALLACE—Another in the new brigade. Is only in his second season at Parkhead and came from Hearts. Has been a consistent goal-getter.

CHARLIE GALLAGHER—One of the long serving players. Came from Yoker Athletic in 1959. A forcing player who has made his mark in his games for Celtic this season.

JOHN HUGHES—Has also been with Celtic since 1959 and came from Shotts Bon Accord. Powerfully built winger who can cause havoc in opposing defences.

RE-SIGNINGS

Up till the time of going to press much progress has been made with re-signings. It can be officially disclosed that all excepting three players have accepted the terms offered for the new season. Bent Martin, Roy Barry and Alex. Edwards have asked time to consider their position. In the meantime the search for added strength to the staff has been stepped up. If the needed players can be found before the new season opens we give every assurance that no effort will be spared to this end.

JOHN McGARTY

It is asking much of any young player to field him in a cup final after only a handful of first team games. We refer of course to John McGarty who took over in the cup winning team at Hampden. It is not our practice to single out players but in this case we feel that special mention should be made.

AMERICAN TOUR

As already announced we are due to leave for Bermuda on 9th May for the start of our American tour. All players listed for the tour are looking forward to the trip. We do not expect that it will be an easy journey. Our reputation has preceded us. Much prestige is at stake and we are due to meet Manchester City during the tour on a number of occasions. We have been advised that there may be minor alterations to the itinerary of the tour but this is to be expected with an organisation of this magnitude. We will be meeting many exiled Scots and we hope many of our previous supporters who are now in America and Canada.
